

Battery Powered e-DRIVE Dispensing Tools—

Offer state-of-the-art Performance, Portability, and Control.

- Available in Bulk, Cartridge and Sausage styles • Ergonomic— reduces trigger-hand fatigue • Continuous output— just a slight squeeze produces a smooth non-stop flow
- Designed with safety in mind — preset pressure release and quick release features— unlike other cordless power tools • Automatic reverse— Relieves pressure and reduces cartridge run-on • Portability— No cords, compressor or air-lines • Variable speeds— Accommodates multiple applications • Easy changeover— Kits available for easy conversion to Cartridge, Bulk or Sausage dispensing • Power efficient— dispenses over 100 latex 10 oz. cartridges or over 50 cold urethane 10 oz. cartridges on one charge • 12 volt battery and one-hour charger included • All guns are shipped fully assembled and ready to go • All models accept optional 310-1 ladder hook pull

1000 SERIES Cartridge Style shown with Composite Unibody Carriage and Battery-Pak

Accessories
1000 Series Battery-Paks
12 volt - 1.3 amp-hour
Universal Charger
1-hour, 120 vac

Double the power of most manual guns!
